

BREAKING NEWS: Clear Evidence That Diane Feinstein is a Communist Spy (whatever)

y [Hypercyberpastelgoth](#)

WASHINGTON — 1997—On Capitol Hill, Sen. Dianne Feinstein (D-Calif.) has emerged as one of the staunchest proponents of closer U.S. relations with China, fighting for permanent most-favored-nation trading status for Beijing.

At the same time, far from the spotlight, Feinstein's husband, Richard C. Blum, has expanded his private business interests in China—to the point that his firm is now a prominent investor inside the communist nation.

For years, Feinstein and Blum have insisted that they maintained a solid “firewall” between her role as an influential foreign policy player and his career as a private investor overseas.

But such closely coinciding interests are highly unusual for major figures in public life in Washington. And now, as controversy heats up over improper foreign influence in the U.S. political process, the effectiveness of the firewall between those interests could be called into question.

http://articles.latimes.com/1997-03-28/news/mn-43046_1_china-connections We have so many hardcore communist in the government that if the American people were made aware of just how many, they would panic in the streets.

“But muh russianz” - gurgled Bobbie Mueller whilst desperately shitting pants for the hundredth time today LOL! UH-OH! OOPS! “If an individual underwent a background investigation through OPM in 2000 or afterwards ... it is highly likely that the individual is impacted by this cyber breach,” OPM's statement said today.<https://abcnews.go.com/US/exclusive-25-million-affected-opm-hack-sources/story?id=32332731>

OOPS! There were SAP/SCIF-tier secrets so devastating on Hillary's bathroom server that the IG had no one with appropriate clearance to even view it. THE CHINESE ACCESSED HER SERVERS AND HER PHONE. CHINESE

HACKERS: 4,000,000 Americans' clearance files and their family members bringing the total to over 21,000,000 HACKED. The catastrophe of Chinese breach of SF-86 (OPM) data is unprecedented, but already forgotten. China has all the failed lie detector tests, compromising info, sensitive info, SSN, DOB, etc. of feds with clearance. China can leverage Chinese-Americans with high clearances by threatening their family members still living in China.

ON OBAMA'S and MUELLER'S WATCH

1997 That is around the same time period when Bill Clinton and Al Gore were caught taking campaign funds from Chinese nationals. No, nothing happened to them. It was all swept under the rug. Just like this will be swept under the rug.

These "people" are being protected by someone or something very powerful. That someone or something is what actually controls America. Imagine how much power we could generate by wrapping Joseph McCarthy's dead body and coffin in copper wire. Don't forget Leland Yee (D) being a chink gun runner who also pushed gun control because it made illegal guns more valuable. Leland Yee, who butted heads with Feinstein over this. Same time an anonymous tip came through for customs to inspect the Chinese ships in port

Who's Packing What: The Weapons in the Leland Yee Scandal The wide-ranging criminal complaint against California State Sen. Leland Yee and many others describes a dark world of deceit and intrigue with high-powered weapons at its core. Apr 2, 2014 <https://www.popularmechanics.com/military/weapons/g1476/whos-packing-what-the-weapons-in-the-leland-yee-scandal/> but surely the democrats wouldn't rat on their own members now, (((would they)))? >Clear Evidence That Diane Feinstein is a Communist Spy Well no shit Sherlock. Gun Control is just a form of target softening. >Gun Control is just a form of target softening. who is most likely to breach our shores/from within and attack our citizens? it's a little bit trickier when you realize china is fighting a war where their goal is not having to fire a single shot to win, but they are definitely prepared for US citizens to fight back and they would be unable to win the hearts of the people when there is a slaughter. bumps Dianne Feinstein and the Spy Is this more than a story about Trump trolling? Aug. 6, 2018 2:00 p.m. ET Much of the press corps hasn't shown much interest in the story of an alleged communist spy who worked on the staff of a U.S. senator. But now that it's a story about a liberal lawmaker in a Twitter battle with President Trump, media curiosity seems to be on the rise. It should be. <https://www.wsj.com/articles/dianne-feinstein-and-the-spy-1533578452> no shit, but it's the same people jewing us jewing the foreign interests. it's a big racket setup to cash in for a lot of personal interests while maintaining the long term goals of..... destroying america because we been jewed as much as they can jew us, and we are losing our value by the day GET EVERYTHING IN THIS THREAD TO THE MASSES DANIEL J JONES Congressional documents and recently leaked texts between Sen. Mark Warner (D-VA) and a lobbyist representing a Russian aluminum oligarch suggest that Daniel J. Jones, an ex-FBI investigator and former Feinstein staffer who rose to professional fame after writing a controversial top-secret report on CIA torture, is "intimately involved with ongoing efforts to retroactively validate a series of salacious and unverified memos published by Christopher Steele, a former British intelligence agent, and Fusion GPS.

Of note, Jones currently runs the Penn Quarter Group, a "research and investigative advisory" firm whose website was registered in April of 2016, days before Steele delivered his first in a series of Trump-Russia memos. Jones began tweeting out articles suggesting illicit ties between the Trump campaign and Russia as early as 2017." NICE! also new article about who the spy may be, all circumstantial sense we are not privy to the fucking chinese spies name... cause we might hurt him or what? too much by giving us a name for a now known traitor to the United States of America? This mother fucking chinese guy has more rights than I do.

heres the article trying to connect the dots about who this chinese guy is, and if it really was just her "driver" or not

PROBE: CHINESE 'SPY' SUSPECT LIKELY FEINSTEIN'S 'OFFICE DIRECTOR' Details of San Francisco employee align with description of suspect Published: 1 hour ago The longtime employee of Sen. Dianne Feinstein, D-Calif., who reportedly was investigated for spying for China while she was chairman of the Senate Intelligence Committee, apparently was no lowly "driver" assigned to the San Francisco office. According to the Daily Caller News Foundation, the former employee who aligns most closely with the details provided about the "spy" is longtime staff liaison to the Asian-American community Russell Lowe.

<https://www.wnd.com/2018/08/probe-chinese-spy-suspect-likely-feinsteins-office-director/> You do realize that the treasonous cockroaches pushing for war are actual communist infiltrators, do you not? certainly you can see that norway has a point, we been gun running, drug smuggling, killing foreign leaders for some time now. but, the same people responsible for these deeds are definitely the ones responsible for selling us out. this thread is about the "ends justify the means" politicians 85% of actual Americans oppose the CIA. >We maintained a firewall so there was no collusion between us
What the fuck do they mean by firewall? This reads like a fucking propaganda piece trying to downplay obvious corruption

What the fuck? Isn't the media supposed to report on corruption, not cover it up? >THE GREAT CHINA FIREWALL

feinstein china firewall not even a fucking firewall what they mean by firewall is, when all the corruption is exposed, feinstein can hide behind her cronies and claim ignorance and incompetence They know that if they verify who the spy is, millions of artists will descend upon his history with zero remorse. Fuck it, I'm still checking out Lowe anyway. Feinstein loves China so much that she just HAD to stand in Mao's room. I don't know how people let her slide with this shit for so long. Especially with her husband basically helping her hold the door open as Chinamen robbed California blind. What a disgrace! Yeah that's the truth. I've been thinking she's getting kickbacks from the Chinese in order to weaken our companies and more importantly disarm our populace. Just look at her glee when Trump was baiting with possibly making AR-15s illegal. That is a person who is imagining a fucking PAYDAY. She IS NOT thinking about saving lives at all. (Well, maybe Chinese lives...) Read up on Clinton approves technology transfer to China by John M Broder May 11 1999 This is a couple of years before China even got into the WTO, too... Bill Clinton is such a sellout, I would hate to see what Hillary's plans were. > Feinstein loves China so much that she just HAD to stand in Mao's room mao zedong, a true american hero eh? i am pretty sure mao zedong ate babies for fun, too.

still most the stories are "OMG FEINSTEIN SPY", atleast 5000 i estimate... anything new, regarding anything, anybody? I don't know how people let her slide with this shit for so long. Corrupt through and through. Raw treason. Been in play since at least the 30's, ratcheting higher and higher with each generation. Nearing critical mass b/c its so fucking over the top it's boiling up like shit from a broken sewer. Thus the coming "high impact" habbening. Nuke on US soil or mere financial collapse? And then shut it all the fuck down. No one will doing anything. This is a lawless country. fucking A the leafs have beat most of us at tying this together: Placing Personal Security Ahead of National Security: Feinstein Somehow Unaware of Chinese Spy In Her Own Office By Judi McLeod — Bio and Archives August 7, 2018 Facebook stock, Chinese spies, Steele dossiers >What

Democrat Senator Dianne Feinstein didn't know about her office manager/personal chauffeur—and now professes not to know now about Facebook—can be America's final deathblow, from which there may be no known comeback. oh i love you so much, too, leafs

<https://canadafreepress.com/article/feinstein-somehow-unaware-of-chinese-spy-in-her-own-office> >what did he mean by this???

Former US Congressman Mike Honda (right) and Russell Lowe, the Secretary General of the Education for Social Justice Foundation, spoke about their efforts to publicize the comfort women issue in the United States during a visit to the Hankyoreh's office in the Gongdeok neighborhood of Seoul on Oct. 15. (by Kim Jeong-hyo, staff photographer) Also present at the interview was Russell Lowe, 62, Secretary General of the Education for Social Justice Foundation, a San Francisco-based civic group, who agreed with Honda's view. This is how Lowe put it: "It's not true that there aren't any documents. One of the problems is that these documents aren't able to be disseminated in American society because they're written in Chinese, Japanese and Korean. That's why one of the priorities of our foundation's educational efforts is properly communicating the facts about the comfort women in American society."

somebody more well versed with the asian culture tell me, is that mother fucker korean, japanese or chinese? Some good stuff in this twatter

thread <https://twitter.com/almostjingo/status/1026612605308219392> yeah that's good info, it was the first shit i found when searching and my eyes couldnt convince my brain what i was reading. looks to me just like the political story behind how Leland Yee accidentally fell into politics one day china is not stricly communist.

please open your eyes; what is happening is that the elites see china as the new America. They beleive that china will become the new Rome. the evidence that feinstein is a spy lies in the fact that feinstein actively covered up this criminal spy, 5 years ago hiding the truth from the public's eye. not only

did she cover it up, the spy got to retire, with honors i assume.
>china is not strictly communist. that's fucking retarded. Jeff Sessions is a MENACE and a PIECE OF SHIT COWARD
BREAKING NEWS: FBI/DOJ are Dindus This is the Jeff Sessions DOJ:

Agent takes bribes from a criminal Agent lies to the local police about it Agent lies to the state police about it Agent lies to the IG about it JEFF SESSIONS DECLINES TO PROSECUTE <https://theconservativetreehouse.com/2018/08/06/another-example-criminal-prosecution-of-the-special-agent-was-declined-now-whats-for-lunch/> <https://oig.justice.gov/reports/2018/f180806.pdf> what we got going on here is just a pile-up of evidence that can be prosecuted after the fact, altho that chance of any prosecution happening dwindles as each day passes, but that does not mean anything more than the paper it is written on. just like comey's letter about clinton did not excuse her crimes. but, i got to wonder what it would be like spending a day with jeff sessions. He is a likable fellow, but he is committing tacit treason/sedition by not taking down the Deep State.

Not true. The brainwashing by academia has a large population of people under 40 believing Communism isn't that bad. >FIREWALL Lowe worked for her for 20 years, stopped working for her 5 years ago. This puts his employment with her around 1993 - 2013. So he starts in 1993. In 1994 we get Desert Protection act. Crushes US Rare mining in Mojave. Within 10 years, US is completely out of the space. Today China controls approx 97%. Feinstein's husband banker Blum represents Chinese rare earth producer. They cash in. Coincidence despite muh firewall? Or collusion w/foreign power?
