We were suppose to get a proposal from you Friday and received nothing. I still don't know how much money and when I will receive.

Nothing has been done regarding our outstanding medical bills that you told me you would handle asap.

Lourdes just texted that her check has bounced, again, for the third time since Christmas.

Do not blame this on me - your spending is documented and irresponsible.

Once this divorce is finalized, I don't care what you do with your money as long as we are receiving our support. I am sick of trying to figure out how you are hiding the money.

I want as little to do with you as possible. Stop dragging this on - it is just wasting money we don't have. Finalize the divorce and you can do whatever you'd like with your life. I can't wait to be finished with you. You have done nothing but torture me since you left in July 2015. Just stop!

Do not borrow from your parents please. These are the bills that are normally paid from the 15K p/m discretionary USAA discretionary account (non-recurring extraordinary bills). Is there a reason why insurance will not pay for #s 2,3 & 4? Either way I will figure it out asap.

Hunt,

I want to pay off below medical bills asap. Do you have idea on how/when? If not, I can borrow from my parents.

Thanks
