

COVID Is Killing The Democrat Voter Base

When a "political influence organization" decides to pump it's voter rolls by recruiting certain specific demographic groups of people that "political influence organization" could have some blow-back with a plan like that.

The millionaire bosses of said political group want to control election votes in their candidates favor because those candidates have promised to pour more money into those millionaires stock market accounts.

But.... if you call only a certain type of people to your location, they will cluster together. If a pandemic comes along, it will wipe out those clusters. That makes the plan a total disaster for your "political influence organization" if it happens to be run by Nancy Pelosi.
